REGULATING THE STOMACH

That Important Organ Works According to the Quality of the Blood That Is Furnished to It.

There is the most intimate relation between the condition of the blood and the activity of the stomach. The blood depends upon the stomach for a large part of its nourishment; while every act of digestion, from the time the food enters the stomach until it is digested and assimilated by the blood, needs plenty of pure, well-oxygenated blood. The stomach works only according to the quality of the blood.

The most common cause of indigestion is anaemia, or lack of blood. Indeed there is not a single disturbance of the health of the body nor any form of exhaustion or lowered vitality that may not lead to stomach trouble. Disordered blood is the one common cause of indigestion. Thin, impure blood weakens the muscles of the stomach and lessens the product of the glands which furnish the digestive fluids.

Nothing will more promptly cure indigestion than plenty of pure, well-oxygenated blood. Dr. Williams' Pink Pills for Pale People increase the red corpuscles, the oxygen-carriers of the blood, until the blood is rich and red. A thorough trial of these pills gives a hearty appetite, perfect digestion, strength and health.

Mrs. Emma M. Mayme, of No. 635 Second avenue, Clinton, Iowa, says: "I had just worked myself out bringing up a family of five children and while in this run-down condition, I took sick with some kind of stomach trouble. I doctored with several physicians and saw a specialist in Chicago but received little help. I could not eat anything with relish and could not sleep. I would have deathly sick spells and would vomit. I had terrible headaches and dizzy spells. I got very thin and my friends thought I was going into consumption. I doctored for a year or so without help. While visiting a niece she told me that she took Dr. Williams' Pink Pills for Pale People, so I tried them. They soon helped me and a few boxes entirely cured me."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50c. per box; six boxes for \$2.50, by Dr. Williams Medicine Co., Schenectady, N. Y. Send for free booklet, "What to Eat and How to Eat."

JUSTICE PERRY SURPRISED 'EM

SAN FRANCISCO, Cal., Jan. 4.—A romance of Hawaii was revealed today, when Judge Antonio Perry, associate justice of the Supreme Court of Hawaii, and Miss Eugenia M. Vandenberg of this city secured a license to marry. Although the couple met a year ago in the islands, announcement of their engagement a few days ago was a surprise to their many friends here and to Miss Vandenberg's parents. The wedding will take place at noon Tuesday at the Vandenberg home, 1027 Green street.

It will prove an alliance of two professions—the judicial and medical—as Miss Vandenberg is a doctor of osteopathy. Her profession led to her meeting with Judge Perry.

After graduating from medical college she practised here until she went to the islands with her brother. Her acquaintance with Judge Perry was not regarded at that time as the beginning of a love affair, and when Miss Vandenberg returned to this city no hint was dropped among her friends of a probable engagement.

But the arrival of Judge Perry from the islands Saturday and his immediate call at the Vandenberg home disclosed the secret. Miss Vandenberg is the daughter of former Senator W. S. Vandenberg of Oregon, who took an active part for many years in the politics and commercial life of the northern State.

The wedding will be a home ceremony. The bride's attendant will be Miss Georgia Smith of San Jose, and the best man Harry White of this city. The couple will go south on their honeymoon and will make their home in Honolulu.

ANOTHER KAAI MUSICAL TREAT

The announcement that Ernest Kaai and his company of well trained artists will appear in concert on January 6, at the Opera House, is pleasing to those who have heard this company. Hawaiian songs as rendered by the Kaai company have a different sound from the music presented by other aggregations of singers and instrumentalists. The company has been rehearsing for weeks and is in fine form. To please the mailehins there will be a high class hula by eight of the best dancers of Hawaiian steps in the country. Further announcements will be given as to opening of box plan.

An ounce of preparation for the Floral Parade now is worth a pound of hurry later on.

PERSONALITIES

J. L. PERSONS, of Stamford, Conn., who visited here recently, has written friends that he expects to return in April.

H. A. DAVIS, a prominent California oil man, was numbered among the passengers to arrive in the Sierra this morning.

P. G. RILEY, a well known local business man, returned from a trip to the coast in the Oceanic steamship Sierra this morning.

W. L. HERGSTROM has returned from a business and pleasure trip to the mainland. He was an arrival in the Sierra this morning.

E. BARTH, who will assume charge of the cuisine of one of the local hotels, was an arrival in the Oceanic steamship Sierra this morning.

"KID" MELNOTTE, the youthful bantam weight, and known to the local fistic fans, was numbered among the distinguished passengers in the Sierra.

MRS. C. A. STOBIE has sufficiently recovered to return to her apartments at the Courtland. Mrs. Stobie has been at the Sanatorium for seven or eight weeks.

DR. THERON NICHOLS, a retired physician of Pasadena, Calif., is making a round trip to the islands in the Oceanic steamship Sierra that arrived this morning.

GOVERNOR-GENERAL W. CAMERON FORBES of the Philippines has accepted the invitation of the Hands-Around-the-Pacific Club to become honorary president.

MISS LELA YORK-RHODES, with first class references as a singer of note, is an arrival in the Sierra, to open an engagement with one of the local theatrical companies.

MR. AND MRS. JAMES F. MORGAN celebrated their silver wedding anniversary yesterday. Last night they were the recipients of congratulations and well-wishes from their hosts of friends.

WILLIAM ADAM, known throughout California as an artist, is an arrival in the Sierra for the purpose of making a number of sketches of Hawaiian scenes. He is accompanied by Mrs. Adam and they may visit the volcano.

MISS A. K. REIMERS, the daughter of the well known landscape artist associated with the Atchison, Topeka and Santa Fe railway company, was numbered among the arrivals in the Oceanic steamship Sierra from the coast this morning.

MRS. J. R. MARKLEY, Miss Ruth Markley, Mr. and Mrs. L. C. Troy and Miss A. K. Reimers, all from Los Angeles, form one party of tourists who arrived in the Sierra this morning and propose viewing the scenic delights of the islands before returning to the mainland.

L. E. STANTON, General agent at San Francisco for the Chicago, Milwaukee and Saint Paul Railway, accompanied by Mrs. Stanton, were arrivals from the coast this morning in the Oceanic steamship Sierra. They will remain in the islands for some weeks.

H. J. HOLT, assistant manager of the Manito and Pike's Peak railway, one of the important scenic lines in the state of Colorado, accompanied by Mrs. Holt and Miss Florence Nicholas, were passengers in the Oceanic liner Sierra, arriving this morning. The Holts intend remaining in the islands for some weeks, during which time they will visit the many points of interest, including the volcano.

STAMP COLLECTORS REPORT GOOD YEAR

Reports of a good year were handed in at the first annual meeting of the Hawaiian Philatelic Society held last night at the home of its president, William Welters, on Spencer street. Reports as to the junior society were also made and showed that good work had been done.

The officers elected for the ensuing year are as follows:

William Welters, president; John Gribble, vice president; W. C. Parke, secretary; F. W. Wood, treasurer; Jose Caetano, superintendent of sales and exchange; Dr. W. T. Monsarrat, superintendent of auctions and bourse; A. L. MacKaye, librarian; C. J. Cooper, E. M. Ehrhorn and Bruce Cartwright, Jr., trustees; and expert committee, Charles Huxtable, Jr., A. F. Cooke and C. F. Maxwell.

Bernard F. Boardmore was elected president of the junior society for 1912.

THE BIJOU IS THE MECCA

The attractions on at the Bijou are drawing the crowds every night. The word "crowds" is used for the house is filled and emptied twice during each evening, and those who were in to see the first show have to stem the tide of the second crowd when they are going out.

The new acts by the aerial trio are certainly marvels and thrillers. And it is stated that there will be other acts put on before they leave the city that will be equally as daring.

The toe work by Miss Reece was all that was claimed for it, and she will do the same thing tonight.

The monkeys are feeling in excellent trim and are delighting the audiences nightly with tricks that are marvelous, and the motion pictures are equal to any seen in the city.

On Monday the Hen Wise aggregation of colored entertainers will open at the Bijou, and as fun producers they cannot be beat.

FOR HAWAII

(Continued from Page 1)

field artillery, one company of engineers, one company of the signal corps, eight companies of coast artillery, necessary sanitary troops, a field hospital and ambulance company.

The eight companies of coast artillery shall be separate and distinct from the army as otherwise indicated.

Included in the sanitary detachment will be medical officers and a hospital corps personnel such as is allowed by the regulations.

Hospital Plan Urged.

It is also hoped and expected there will be an army general hospital in the Hawaiian Islands. During the last several years the surgeon general of the army has usually made a recommendation for the establishment of such a hospital. It is desired to obtain a separate appropriation of \$100,000 for this purpose, but it will be necessary for Congress to act in the matter. The estimate has never been submitted to Congress, although the recommendation has been frequently made. Some officials are apprehensive that the full garrison forces in the islands will be on station before the army hospital is ready to serve them.

Work Will Be Hushed.

In specifically deciding the extent of the military establishment in Hawaii, the controlling authorities were impelled to act with unexpected haste because it was desired to carry into effect the general concentration plan, which has been under consideration for years. It was found essential to know precisely how many troops of all kinds would be on duty before requisite accommodations could be arranged for them.

General Leonard Wood won a decisive triumph in finally securing an order for concentrating all the mobile troops in Hawaii. He has long favored such an arrangement and was finally successful. A special board was detailed to prepare plans for a cavalry post at Schofield Barracks. When Secretary of War Stimson approved the report of that board the plan of concentration became effective.

The program which will be eventually carried into operation contemplates an expenditure of about \$5,000,000. An enormous amount of construction will be necessary to provide suitable accommodations for the various arms of the service represented. It is computed that the erection of buildings

will require about \$500,000 for each regiment.

Schofield Gets Most of Troops.

It is proposed to quarter all the mobile troops at Schofield Barracks, with the exception of one battalion of infantry, which will remain at Fort Shafter. The great supply depot, the reserve storehouse and other buildings will be erected at Fort Shafter.

The special board which prepared a plan for developing Schofield Barracks comprised Major R. Frank Chestnut, quartermaster's department; Major J. M. Carter of the cavalry arm and general staff; Captain John McA. Palmer, 15th Infantry and general staff; Captain M. E. Hanna of the cavalry arm and general staff, and Captain S. R. Embick of the coast artillery and general staff. The report closely followed the lines suggested by Quartermaster General J. B. Aleshire, who visited Hawaii and formulated an arrangement for concentration.

Long Controversy Ended.

The action of Secretary Stimson in fixing the military strength which will be hereafter assembled in the Hawaiian Islands, and approving the plan for concentrating the forces, has terminated a controversy which has raged with more or less vexatious irritation for years. It has been discussed under various administrations of the War Department. All the present officials express delight at the harmonious conclusion of the wrangle.

General Arthur Murray, commanding the Western Division of the army, is in this city. He will prepare and present a report to General Wood on the conditions of the army posts in Hawaii. He recently visited the islands on a tour of inspection and will submit his conclusions to the head of the general staff.

THISTLE CLUB WILL HAVE NEW CELEBRATION

Announcements were sent out yesterday to the Honolulu Scottish Thistle Club that the annual celebration will this year take a slightly different form. The announcement read:

"The Honolulu Scottish Thistle Club has this year decided to adopt a new form of celebration. In the place of the customary smoker which has hitherto marked the event, they will give an entertainment to members and their friends in the Kiloahua Art League Hall on January 25. The fair sex are to be given an opportunity to join in the celebration."

A musical program is now being arranged, in which Miss E. R. Collins, Mrs. C. S. Wright, Mr. Livingston and the service represented. It is computed that the erection of buildings
